

Sprayers

Fed up with using a knapsack? Do you dread those unpleasant spraying days?

Not any more – all of these sprayers are simple to use and purpose built for the job in hand – whether it's pesticides in the Nursery or disinfectants in the Poultry Sheds (check seal compatibility). Battery powered, and fitted with quality spray tips application. So, isn't it time you took the weight off your back?

CC50N

Ideal for use in the smaller nursery

- One touch on/off control
- Compact enough to take inside the greenhouse
- Clever design keeps most weight over the wheels, easy tilt foot brace to aid manoeuvring
- 50 litre tank wide opening with lid filter and drainage outlet
- Pneumatic wheels for a smooth ride
- Dual Lance/trigger (75cm) and hose (3m) storage keeps it all neat and tidy
- Powerful 12V pump housed in a splash proof box will give either a fine mist or larger droplets depending on nozzle used
- In line filter for pump protection
- Sealed, non maintenance battery will give 3/4 hours continuous spray time
- Quality charger supplied

Dimensions: 1070H x 630L x 590W

Code: 113.CC50N

CC70N

Ideal for use in the nursery

- One touch on/off control
- Compact enough to take inside the greenhouse - less than 2ft wide
- 70 litre tank wide opening with lid filter and drainage outlet
- Clever design keeps most weight over the wheels
- Fully adjustable pressure control with tank agitation
- Powerful 100psi 12v pump will give either a fine mist or larger droplets depending on nozzle used (3 supplied) and pressure selected
- Hose reel and guide with 30m 3/8" hose and tough poly lance/trigger assembly with protected tip.
- Fillers in lid and in-line for pump protection
- Storage tube for lance/trigger (75cm) with nozzle tip protection
- Pneumatic wheels for a smooth ride
- Sealed, non maintenance battery will give a days spraying
- Quality charger supplied

Dimensions: 1000H x 1450L x 570W

Code: 113.CC70N
